

## Wiring Instructions:

1. Disconnect power.
2. Cut fixture wire (A) to desired length.
3. Run wire (A) through components in order: (B), (C), (D) and (E).
4. Tie knot (F) in wire to act as strain relief.
5. Connect fixture wire (A) to line wire, white to white, black to black.
6. Attach cross bar (E) to electrical box (G).
7. Insert threaded rod (C) through canopy (D) into cross bar (E).
8. Attach white bushing (B) to thread rod (C).
9. Turn on power.

Extra cord for hanging lamps is available.

Rated for up to a 150 watt incandescent bulb. Small Saucer uses a 60 watt bulb.

## Cleaning Instructions:

The surface should be dusted when needed with a soft dry cloth. To remove dirt or grease, use water with a mild soap. Rub gently using a soft white cloth or paper towel. Do NOT use solvent-based cleaners such as gasoline or paint thinner, or glass cleaners such as windex, on this product.
